

# npm install @mdi/font

```
✂ import { mdiBluetoothSettings } from '@mdi/js';

📶 import { mdiAccessPoint } from '@mdi/js';
//Technically, I made a custom AccessPointSettings svg (includes ellipses), but the standard should be fine

🎵 import { mdiTune } from '@mdi/js'

👤 import { mdiAccount } from '@mdi/js'

🔔 import { mdiAlertCircleOutline } from '@mdi/js';

+ import { mdiPlus } from '@mdi/js';

🔋 import { mdiBattery70 } from '@mdi/js';

▼ import { mdiMenuDown } from '@mdi/js';

■ import { mdiSquareRounded } from '@mdi/js';

■ import { mdiSquare } from '@mdi/js';

... import { mdiDotsHorizontal } from '@mdi/js';

◀ ▶
//Custom Triangle svg for Marker end and beginning

☑ import { mdiCheckboxMarked } from '@mdi/js';

☐ import { mdiCheckboxBlankOutline } from '@mdi/js';

🗳 import { mdiRadioboxMarked } from '@mdi/js';

○ import { mdiRadioboxBlank } from '@mdi/js';

🔛 import { mdiToggleSwitch } from '@mdi/js';
//We might need a different icon since I had to manually fill in the circle. The svg file is just a void

🔚 import { mdiToggleSwitchOff } from '@mdi/js';
```

```
📶 import { mdiAccessPoint } from '@mdi/js';

🔗 import { mdiImport } from '@mdi/js';

⚠ import { mdiAlertCircle } from '@mdi/js';

⚠ import { mdiAlert } from '@mdi/js';
```
